BEST D 11 YEARS

What you have been up too? Since our last report, we have grown and we've added our assistant (Wendy McCormick) to our team. Wendy also sells real estate for our team — she's a two way performer! Her picture is below:

I am very thankful to have Wendy and Kimberlee's help keeping me on point and organized!

We took a wonderful family vacation to Table Rock Lake (between Missouri and Arkansas) this Summer. We had a full crew of people from our 4 kids, their significant others, my Sister Janet and her husband (Rick #2), her son Jeremy & Bri with their new baby Gunnar who was 2 months old for the trip and Dick and Becky Crimmins, long time friends of the family. We had a blast on our trip. There was no zip lining this year (Thank Goodness)! It was there, we just didn't do it!

Here are a few photos from the trip—remember, we aren't the most "normal" family!

 We all agree it isn't about where we go, it's about being together. Family time is the best! (Gunnar's first photo below!)

We want to take this opportunity to thank you for trusting us to help you, your friends and family with the purchase or sale of a home. We are so thankful that you trust us with such an important decision. I hope your Thanksgiving involves some great turkey and lots of family time!
